

The Gantt chart displays a project schedule from 1990 to 2010. The tasks are organized into a hierarchical structure, with the main tasks listed on the left and their sub-tasks and milestones shown in the subsequent columns. The tasks are color-coded and include various sub-tasks and milestones. The chart is divided into multiple columns representing years, with tasks listed on the left and their corresponding time bars extending across the timeline. The tasks are color-coded and include various sub-tasks and milestones.
